

RESUME

Name : SHAHZADA MOON

Father's Name : MOHAMMAD ILYAS SHAH

Mother's Name : SHAHJAHAN

I'm very dedicated for my life as a student and will also be dedicated for my professional life as well. From my school life, I am always ready for all type of competitions including sports, cultural activities, science exhibitions, debate, essays, writing, speech, drawing and other such competitions, and as result I won lots of certificates, medals, prizes that prove my hardworking as well as my interest. Not always I succeed, but I had never disappointed with failure as it realised me where I was wrong. I'm very influenced with my Parents, Dr. A.P.J. Abdul Kalam, M.S. Dhoni and Nicola Tesla. My Parents worked very hard since their early life. They grew up us and educate and now I'm able to stand in front of the world and applying in your company, which is the best and one of the world's top company. Kalam sir motivated for hard-working and never giving up until not getting success and continuously work-hard for your next opportunity, Dhoni sir motivated for never be aggressive in any situation and just be cool so that you can take the best decision, while Tesla sir motivated for working on advanced projects with full dedication without worrying about the failure. It will be my fortune and a step towards my success, if I will be selected for working with you.
